## What is a camping project?

A camp is an idea you have for gathering your group somewhere they would not normally gather. It may be a day or a weekend or a few days.

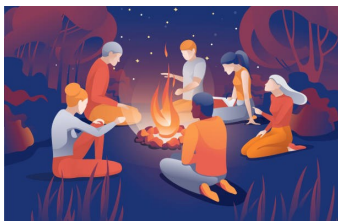

You intentionally prepare to meet needs like exploring faith and developing deeper relationships while doing relaxing activities.

Maybe you want to offer a range of day activities over two or three occasions in different locations.

It may be for a particular age group or for families or a wide age range.

Whatever inspires you to explore faith in community and build relationships...

## Questions to ask yourselves:

- What is your idea? Or camp?
- What is the aim of your camp?
- Who are your target group?
- Where are you planning to go?
- What accommodation needs do you have?
- What other facilities will you require?
- What dates have you considered?
- How will these dates impact your stay? activities?
- What funding have you sourced?
- What funding are you seeking?
- What requirements will assist attendance? (eg. supervision if children attend without parents; how to help the disabled; etc)
- How else may we assist?
- Do you need a Camp Director or Project Manager?
